

Premiere Specialty Labels

Foil Labels

The most elegant, top-of-the-line labels available are produced by the hot-stamped process, where the metallic foil is actually transferred onto the label by a combination of heat and pressure.

Special Shaped Roll Labels

With Many sizes and shapes available, our most popular shapes are:

- | | |
|---------|-----------|
| Arrow | Oval |
| Circle | Star |
| Diamond | Starburst |
| Heart | Triangle |

Labels For File Folders

A perfect product for use with laser or inkjet printers. Labels are affixed to an 8-1/2 x 11 inch sheet.

Available in five different colors, File Folder Labels are deeper in color than pastel colors

Minimum Quantity - 100 (of one color)

Durable Labels

Weatherproof Labels

Laminated for weather and sun resistance on vinyl or polypropylene stock

Tamperproof Labels

Tamper Proof Labels - Ideal for electronic parts or equipment or any security related application

Void patterns leave a tamper mark on the surface when removed.

Destructible polyethylene label shreds when removed.

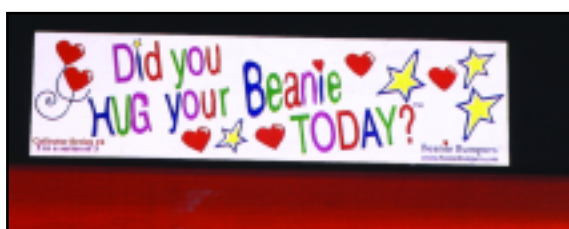

Bumper Stickers

A great way to get your message to the public! Made from vinyl material with a permanent adhesive, these are "repositionable" during the initial application.

Static Cling Labels

Clear or white static vinyl labels cling to windows by *static electricity!* with no adhesive.
