

# Universal Forms

Designed to reduce overall paper and printing supply costs for those using electronic forms software.

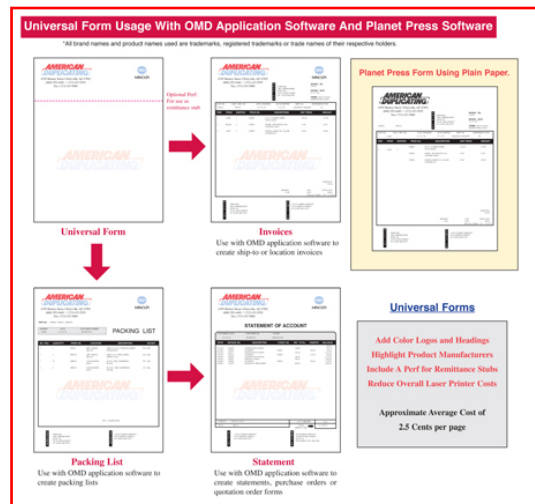

Universal forms allow the use of one form for all of your office and corporate reporting needs. Now you can have high quality, multi-colored corporate or product logos for just a few cents more than plain paper, while reducing your printing supplies costs for your laser or ink jet printer. One universal form can be used for invoicing, statements, quotations, purchase orders, sales orders, etc.

Saves on printer supplies and time.

Replaces plain white paper to give your company the image of excellence you deserve.

Available with horizontal perforations to create a remittance stub.

Minimum quantity of 10,000
